Region:	Canary Islands, Spain
Institution name:	IES El Médano
Address:	Avda. Mar Adriático s/n
Postal code:	38612
Town:	El Médano. Granadilla de Abona
Phone:	+34922179383
Fax:	+34922178945
Email:	38015394@gobiernodecanarias.org
Web page (if available):	www.ieselmedano.org
Number of pupils:	350

CONTACT PERSON:	
Name + surname	Laura Leal Cruz
Email:	38015394@gobiernodecanarias.org

INFORMATION ON THE PROPOSED PARTNERSHIP	
Type of partnership: - Comenius Multilateral School Partnership - Comenius Bilateral School Partnership - Grundtvig Partnership - Leonardo da Vinci Partnership	Comenius Multilateral School
Work topic:	Sustainable progress
General description of the project:	The main object of this project is to analyze different kinds of energies and their applications in different EU countries. For example we could work in the use of solar and eolic energy in the Canary Islands but it could be important that our students know about other energies such us: geothermic, sea energy,...
Main objectives:	<ul style="list-style-type: none"> - Analyze the consumption of energy in different countries. - Study the importance of the renewable energies in the development of countries and in their economies. - Awareness of the importance of saving energy.

	<ul style="list-style-type: none">- Create active citizens worried about the environment.- Increase their knowledge in another language and communication abilities.- Use new technologies to communicate their experiences.
Main activities:	<ul style="list-style-type: none">- Study of the consumption of energy using different documents present in our life.- Investigate the application of renewable energies in different countries and their environmental policies.- Elaborate different kinds of manifestos directed to local governments, citizens, other schools and young people.- Use the new technologies as a means of communication.
Student age:	14 years old
Working language:	English
Partners already involved (if any):
